SPECIAL CHARACTERISTIC

This splendid property shows a very elegant interior; guests will appreciate the attention to details in the décor. Architecture and colors are typically Provençal in this comfortable and soberly luxurious retreat. The artifacts and the painted furniture and the colors in monochrome set up the decoration of a typical and convivial atmosphere. On the

ground floor are a dining room, a small lounge with a library, another living room with a fireplace and a well-equipped kitchen. In the master bedroom, the exposed beams and stones, the mimosa yellow walls, and the gentle shades illustrate the freshness of the room. The exposed stones, the ochre shades, and the Provençal ambiance of the small room will assure you an intimate and peaceful rest.

Beyond the rock walls, a paved courtyard leads to a large heated swimming pool made of cement and sand and limestone. Further down, in the shade of the arbor tree one can enjoy your breakfast while reading the newspapers.
